+639165639733

marlonnaquines89@gmail.com

Casili, Mandaue City Cebu

### SKILLS

- HTML/ CSS/Bootstrap/TailwindCSS
- JavaScript
- ReactJS
- NodeJS Express
- VueJS
- PHP/Laravel
- Mysql/SQLite
- WordPress/Elementor
- Basic Product Design (Solid Works)
- Debug and Repair Printed circuit boards
- Soldering and de-soldering of the printed circuit board

### PROJECTS

- <https://github.com/naquinem>
- <https://github.com/naquinem/acfrontend.git>
- <https://github.com/naquinem/acbackend.git>

### CERTIFICATION

- WD005 Project 1: Developing a Static Website
- DICT-WD002 Using HTML and CSS to Design a website
- DICT-WD003 Basic JavaScript for Web Development
- Programming for Beginners Using Python
- Programming for Intermediate Users Using Python
- IPC610A
- IPC-7711/7721
- Lock Out, Tag Out (LOTO) Training
- Offshore Support from Korea for Upgrading New System (Titan System and Magnus System)
- Lean Master
- Board Repair Specialist Excellence

## SUMMARY

Enthusiastic and detail-oriented professional transitioning from mechanical engineering to web development. Adept at learning new technologies and passionate about creating responsive and user-friendly web applications.

## EXPERIENCE

**Technician | Osstem Phils Inc** | Nov. 02, 2023 – Present

Responsible for repairing osstem dental chairs, and meet the standard procedure in repair.

**Test Technician |Teradyne Phils LTD.** | February 1, 2016 – September 22, 2022

Responsible for debugging and quality repair of customer's defective printed circuit board assembly, and Titan/Magnus Automation. Do first-level system maintenance. Work with TEST ENGINEERS in process requirements, quality improvement, reliability issues, as well as meeting repair goals.

**Electrical Maintenance | Helpmate Inc.** | June 26, 2015 – December 1, 2015

Install Motor control circuit and building wirings  
Conduct preventive maintenance of all control panels.
